

Pneumatic Dropper Matrix

Overview

Maximize your throughput, improve accuracy, and eliminate rework by automating your batch counting jobs. Replace manual counting, spearing, and weighing. Automatically count, accumulate and drop stacks of product onto the in-feeds of shrink-wrappers, poly-baggers and banders or directly into totes, cases and cartons. This versatile system is perfect for paper, card stock, magazines, greeting cards, envelopes, pre-printed forms and more.

Contact our experienced sales team today for a comprehensive review of your application/product and see how our Pneumatic Dropper can benefit your company.

Reference matrix showing estimated packages per minute based on product type (long edge leading).

Size / Product	Batch Count: 5	Batch Count: 10	Batch Count: 15	Batch Count: 25
