XT-1200 High Speed Batch Dropper

Overview

Improve accuracy and productivity with this high-speed batch counting system. The "star-wheel" dropper design allows for the shortest cycle time in the industry, allowing it to keep pace with highspeed packaging systems.

Streamfeeder's XT-1200 accumulates stacks of product and can be easily integrated with in-feeds to wrappers, cartoners or banders for a fully automated system.

Standard Features

- HMI operator interface
- Long-lasting natural gum rubber feed belt vacuum assist ready
- Independent side guide adjust
- System Interface I/O package
- Patented powered separating technology
- Tool-less setup and changeovers
