Value Flighted Conveyor

Overview

Streamfeeder Value Collator Bases are designed to add automation to equipment such as automatic shrink wrappers, poly-baggers, cartoners, and banders; or manual gathering and collating. Flighted infeeds can be configured for a wide variety of applications. The Value Collator Bases are available in standard 3', 6' and 9' lengths.

Adjustable height provides easy integration to a variety of packaging equipment. Add our feeders, placers and control systems to complete your automation needs.
