

Burly Feeder

Overview

Streamfeeder's Burly Feeder was designed specifically for dispensing thick products directly into lugged infeed conveyors for shrinkwrapping applications. The unique design allows the lug of the conveyor to gently remove one thick product at a time from the bottom of the stack each cycle. Changeovers are fast, simple, and tool-less.

Features and Benefits

- Tool-less mounting to Streamfeeder brand heavy-duty conveyors
- Optional mounting kits for existing, non-Streamfeeder brand conveyors
- Optional bulk-loading belted conveyors

Applications

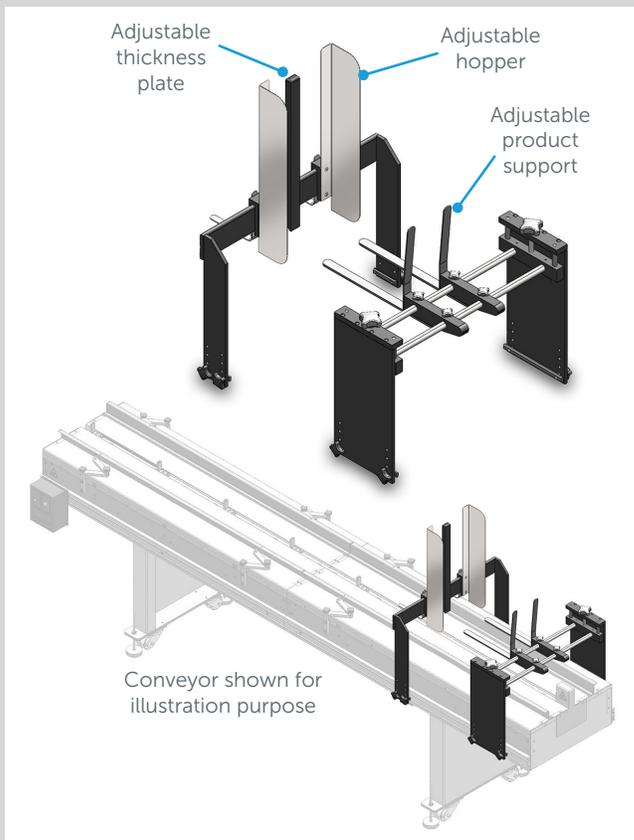

- Collating
- Kit Fulfillment, poly-wrapping
- Shrink Wrapping

Products

- Books
- Erected Cartons
- Note Pads
- Thick Corrugated

Contact our experienced sales team today for a comprehensive review of your application/product and see how our Burly Feeder can benefit your company.
